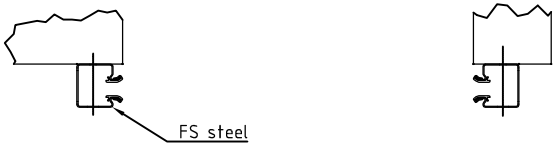
-top view guide rails-



Please make sure that the curtain does not rub against the funnel after mounting the guide rail.
If necessary, adjust the funnel (by bending)! The funnel should be perpendicular to the running track at half door height.

fastener

for external rolling doors mount drivingconsole and bearingconsole with stainless stell-fastener !

structure	concrete	masonry	aerated concrete (steel enclosure required)	steel	wood
console Typ1 / hanging drive console	Fischer FAZ II 12	threaded rod M12	hex bolt M12x60	hex bolt M12x60	threaded rod M12
console ESTA 7.5	Fischer FAZ II 12	threaded rod M12	hex bolt M12x60	hex bolt M12x60	threaded rod M12
console ESTA 8	Fischer FAZ II 16	threaded rod M16	hex bolt M16x60	hex bolt M16x60	threaded rod M16
console ESTA 9 (922 mm x 850 mm)	Fischer FAZ II 20	threaded rod M20	hex bolt M20x60	hex bolt M20x60	threaded rod M20
wall flange/ wallflangeconsole	Fischer FAZ II 12	threaded rod M12	hex bolt M12x60	hex bolt M12x60	threaded rod M12
guide rail without relining	Fischer FUR II 10/80	Fischer FUR II 10/80	Fischer GB14/ hex bolt 10x95	drill screw 6,3x32	wood screw 8x120
guide rail with 30mm relining	Fischer FUR 10/135	Fischer FUR 10/135	Fischer GB14/ hex bolt 10x140	drill screw 6,3x60	wood screw 8x120
guide rail with 60mm relining	Fischer FUR 10/135	Fischer FUR 10/135	Fischer GB14/ hex bolt 10x165	drill screw 6,3x90	wood screw 8x150
guide rail with 80mm relining	Fischer FUR 10/160	Fischer FUR 10/160	Fischer GB14/ hex bolt M10x190	drill screw 6,3x110	wood screw 8x180
header seal	nail dowels 8x60	nail dowels 8x60	drill screw 6,3x32	drill screw 6,3x32	Spax screw 6x90
console barrel casing	Fischer FAZ II 10	threaded rod M10	threaded rod M10	hex bolt M10x60	threaded rod M10

technical characteristics of the door:
- side space motor side (necessary): xxx mm
- side space bearing side (necessary): xxx mm
- necess. lintel height: xxx mm
- drive-pin: xx mm
- bearing-pin: xx mm
- direct mount drive TARx.xx
- emergency drive operation
